

Enterprise Grade Call Control for Office 365 and Skype for Business Users with The Bridge Boss-Admin Executive Console.

OFFICE 365 APP BUILDER PROFILE: Bridge Communications, LLC

Bridge Communications provides operator consoles, such as the Bridge Operator Console for Skype for Business and Lync 2013 as well as related solutions for efficient and effective call handling. Our philosophy: Listen to our customers and develop solutions that exceed expectations. Everything is simple, including pricing, sales support, installation services and technical support.

WHAT WE OFFER

The Bridge Boss-Admin Executive Console is the perfect solution to compliment any Skype for Business voice deployments. It is designed to give Skype for Business and Office 365 users added functionality like full call control, easy transfers, supervised transfers, call parking visibility and improved user searching.

Features Include;

- Full and Easy Call Control
- Supervised Transfer Capability
- Park Calls For Others (Park For)
- Visibility of Shared Parking Lot
- Related People Visibility
- Organizational Searching (Emails From Caller)

Find all email communication with the caller or caller's organization in just seconds. Bridge Boss-Admin Executive Console is able to search Exchange or Office 365 hosted Exchange folders of your choosing using lightning fast technology. Organization search also lets you view attachments in any discovered email.

Related people lets you instantly see other users that are related to any Lync/Skype for Business user in your organization. With a click, you can find others to help a waiting caller. People who share the same manager are displayed along with users they manage, users who share the same title, and people who share the same department.

WHAT OUR CUSTOMERS ARE SAYING

"Bridge Communications is a valued partner to provide real enterprise grade solutions. Bridge is actually one of our key strategic partners when it comes to operator and attendant consoles." – Christian, TSP, Microsoft

KEY USE CASES

BUSINESS-CLASS EMAIL

Gain large, 50GB mailboxes with your own custom domain that can send messages up to 25MB in size, with contacts, shared calendars, and spam and malware protection. Available on PC, Mac, Windows Phone, iPhone, Android, and more.

CLOUD STORAGE

Get 1TB to store, back up, and share files, accessible from almost any device, and even offline.

MEET ONLINE

Hold scheduled or ad hoc online meetings for up to 250 participants, with screen sharing, audio and video, virtual whiteboards, polls, and shared notes. Anyone can participate through any HTML5 browser.

COLLABORATE, CHAT PRIVATELY

Set up a social network that helps your company stay connected, share information across teams, and make faster, more informed decisions.

SAVE YOUR COMPANY MONEY

Office 365 is available as a simple monthly subscription. Avoid large up-front costs for new software while moving the cost of IT from capital to operating expense. And without on-premises servers to run email, websites, and document storage, you can reduce energy costs and save by no longer purchasing new server hardware.

SCALE YOUR BUSINESS QUICKLY AND FLEXIBLY

Office 365 grows with you on the Microsoft Azure cloud. Adding a new user is as simple as buying an additional license, which allows access to business critical technology on up to five PCs/Macs and five mobile devices. Office 365 provides many plans to fit the right capability needs and price points for each user in your organization.

TECHNICAL SUPPORT

Your Office 365 subscription comes with 24/7 support from a global network of experts, with 1-hour response for critical, service-impacting events.

FINANCIALLY BACKED SLA

Get peace of mind knowing your services are available when you need them with a financially backed, 99.9% uptime service level agreement.

SIMPLIFIED IT MANAGEMENT

Reduce headaches by reducing your IT infrastructure. Content lives safely in globally distributed data centers with continuous backup and disaster recovery abilities.
